Short timeline:

- Incident occurred on June 22, 2022 and June 23, 2022
- Warrant for Randall Reid was issued July 18, 2022 (extensive criminal history)
- Reid Arrested November 25, 2022
- Reid's attorney sent letter to Stanley dated November 28, 2022.
- Stanley brought it to Clouatre's attention and after review Clouatre instructed them to have warrant recalled.
- Warrant recalled on November 30, 2022 and DA's office notified.

When facial recognition was first available to CIB personnel, they were informed that this is another investigative tool and supporting evidence or investigative leads need to be developed prior to having an arrest warrant issued. Since this has been brought to my attention, I have met with all the Division Commanders concerning this matter and have reiterated the criteria that needs to be met before any warrant is authored. They have met with all of their supervisors and personnel where they reiterated the function of facial recognition and that additional evidence or leads need to be developed prior to a warrant being issued.
